A Logical Look at the teachings of Mr. GSD

Take a look at Q & A sessions by Mr. GSD. Takeoff your religious glasses and for one moment, let's see if his RS agenda makes any sense to a normal person.

Question: I have maniac depression and I was denied initiation by my Rep. Is this because of my medication?

Mr. GSD's answer: I don't agree with that! There must have been another hitch. Let's just get rid of the reps! (Joke and applause.... On to the next question)

Jokes definitely have their place and can lighten up the mood of a serious discussion, however, after GSD makes a joke.... He just... moves on? Seriously? What about this satsangi's question? Getting initiated is the ONLY thing that will prevent you from going to hell, it's the ONLY thing this entire religion is based on... and when someone is being rejected for initiation and trying to find a solution for getting a place in heaven, GSD makes a joke and moves on? Is that all GSD is capable of? Where is the answer to this very real question? How will this satsangi ever get initiated if the Big Cheese himself is not answering it? I guess he's just going to burn in hell, and GSD will get richer and richer because this guy will donate as much money and **seva** (Free labor) as possible in order to hopefully get into heaven for good behavior.

Question: I am a seeker and I am frustrated that I cannot meditate.

Mr. GSD's answer: We **both** share the same frustration. You are frustrated you CANNOT meditate and I am frustrated that the sangat does NOT meditate.

Excuse me GSD. Who said that the Initiates don't meditate? They try ALL THE FUCKING TIME. That's why they paid hundreds of dollars to travel to your satsang... in the hopes that you will give them some advice, some reassurance and some hope to their frustrated hearts. And all you know how to do is to accuse the initiates of not meditating like they are stupid disobedient ill behaved children? Make them feel bad for all the effort they ARE putting in? Let me get this straight: You don't give ANY helpful advice, you scold a bunch of intelligent, big hearted effort making adults and then you end the conversation? Wow. You're such a Gem GSD.. Just a gem.

A Logical Look at the teachings of Mr. GSD

Question: Master, is initiation enough to achieve salvation?

Mr. GSD's answer: Initiation is like a bulldozer. If you do your meditation you will go along with it. But if you do not, still you will be dragged along. This will cause you more pain and suffering. Initiation is just not enough. Action is important!

Clap. Clap. Clap. Clap. Bulldozer. Drag. Pain. Suffering. GSD is really painting a picture of an all loving and all forgiving God that he claims to represent. And THIS ladies and gentlemen is why RS people are terrified to LEAVE RS. If you try to use your brains and intelligence you will be BULLDOZED by the angry God and struck down!!! So everyone meekly bows there head, empties there pockets and continues to follow GSD.... Because... what if he's right? GSD... hate to break it to you but you sound like an abusive alcoholic father.

Question: Babaji if we stop killing animals, what will happen to the world?

Mr. GSD's answer: If you have no right to give a life, you have no right to take a life.

Did you SERIOUSLY just take away the privilege and pride of women around the world by saying they they have no process, role or hand in CREATING LIFE. This single sentence completely discredits all of your intelligence and makes you look like an uneducated -douche-bag- moron.

Question: Babaji in the West people are so corrupt and yet they are economically advanced and are happier.

Mr. GSD's answer: They may be economically advanced but not spiritually advanced.

This answer is particularly hilarious to me, because once again he comes off like an uneducated hick. Way to make one gigantic assumption about an entire nation. Way to insult every single one of your American initiates. Way to be a complete racist. Way to show your faith in humanity. Seriously where did they find this guy? Did he even study the cliff notes on how to create a cult and fool people? By the way GSD.... You're extremely deluded to think that people in India are spiritu-ally advanced. Haven't seen a more greedy and corrupt nation in my life.
